Safety auto off

RI2048/34

Fast, from start to finish

5 ways to speed up your ironing

This EasySpeed Plus iron speeds up your ironing thanks to: triple precision tip, even heat distribution across the soleplate, continuous steam, shot of steam and high power.

Comfortable ironing
- Drip-stop system keeps your garments spotless while ironing
- Even steam distribution for efficient ironing
- Triple precision tip for optimal control and visibility

Longer lifetime
- Calc clean slider to easily remove scale out of your iron

Safe ironing
- Iron switches off automatically when left unattended
- Robust heelrest for improved stability

Easily removes creases
- Vertical steam for crease removal in hanging fabrics
- 2000 Watt enables constant high steam output
- Continuous steam output up to 35 g/min
- Ceramic soleplate for better gliding performance

PHILIPS
WALITA

Steam iron with Ceramic soleplate
2300W 35 g/min steam, 120 g steam boost, Safety auto off

RI2048/34

Highlights

2000 Watt

2000 Watt enables constant high steam output.

Calc clean slider

This calc clean slider makes it very easy to remove scale out of your iron. To maintain the performance of your Philips steam iron you should use this scale clean function once a month.

Ceramic soleplate

Ceramic soleplate is scratch ressitant, glides well and easy to clean.

Steam output up to 35 g/min

Continuous steam output of up to 35 g/min gives you the perfect amount of steam to efficiently remove all creases.

Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

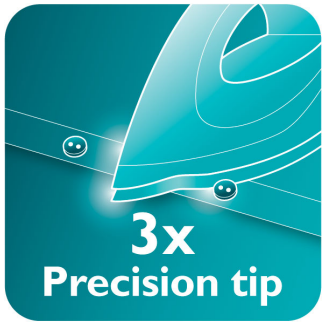
Drip stop system

Drip Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

Even steam distribution

Thanks to the carefully crafted soleplate design, the steam is distributed evenly across the soleplate. This way you need less strokes to evenly moisten the garment and therefore less time to complete the ironing.

Triple precision tip



The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Robust heelrest

This iron features a specially designed extra large heelrest, which gives extra stability when it is put in vertical position.

Safety auto off

The iron shuts off automatically when left unattended. If it is left on it's heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.
